

NEW SUZUKI KEYLESS START SYSTEM

EASY OPERATION

- Suzuki original engine starting system offers a variety of functions. The key-fob is easy to carry and one is all you need to enjoy stress-free starts for greater boating pleasure.
- One step ahead of the competition, the Suzuki Keyless Start System requires no mechanical key so the key-fob remains safely in your pocket.

WATERPROOF FLOAT KEY-FOB

- The easy to carry key-fob remains safely in your pocket reducing risk of a lost key. The key-fob is waterproof and floats so should it ever go overboard it is retrievable.

HIGH SECURITY

- Suzuki's system features an immobilizer function for added peace of mind. IC access codes installed in the key-fob and engine must match for the engine to start. This prevents starting the engine with the wrong key making the system a good theft deterrent as well.

COMPONENT

Applicable Model: DF200AP (Planning to apply to other models one after another)

• Design and specifications may change without notice due to improvements in performance and function.
